From the Desk of Alumni and Parent Relations

*Editor's note: **Maureen Egan '90**, has returned to Saint Joseph's as the new director of alumni and parent relations. She has spent the last three years working in community development for the American Cancer Society and Junior Achievement while obtaining her master's degree in public affairs from Indiana University. Prior to that she was the assistant director of admissions for alumni and parent relations at Saint Joseph's.*

Dear Friends:

Back home again, in Indiana... I just can't help but think of those words as I return to Saint Joseph's College. I am proud and enthusiastic to serve as your director of alumni and parent relations.

Over the years a great number of events have been sponsored by the various alumni chapters and provided us with an opportunity to stay in touch. I look forward to working with all of you as we continue to plan and attend these activities. I also wish to share a larger vision of involvement with you.

All of us volunteer for organizations dear to our hearts. I have spent the last three years working for Junior Achievement and the American Cancer Society. The vision that I want to share with you adds a new dimension to our alumni chapters. It involves working together as groups to serve the communities in which we live and work. Wouldn't it be great to pound nails for Habitat, or to walk for the March of Dimes. Our time at Saint Joseph's has taught us about service to and for others. Let's keep this in mind as we think about new activities for our alumni chapters.

There are many ways to remain involved with Saint Joseph's:

1. Refer high school students to the College and keep the Saint Joseph's tradition alive for a whole new generation;
2. Network with career planning and placement with regard to potential internships and job opportunities;
3. Become a part of the speakers bureau and share your knowledge with our current students.

You have now read my visions and I hope you will share your ideas with me as we work together to best serve Saint Joseph's College.

Sincerely,

**Maureen "Mo"

"A League of Our Own" Homecoming 1996

Mark your calendar! Homecoming will be held on October 4, 5, and 6 and since this will be our first season in the new football conference we are truly in "a league of our own." Plan to cheer on the Pumas as they square off against Quincy University, a conference game, beginning at noon (CST).

Joining our current football program in "a league of their own" are our 1956 National Championship team who will be celebrating the 40th anniversary of their title. On December 22, 1956, Saint Joseph's challenged Montana State to the national championship title in the Aluminum Bowl, held in Little Rock, Arkansas. Homecoming '96 will bring the team back together to be inducted into the Sports Hall of Fame and honored in a special tribute during half time.

Honor classes for this year include 1936-1946, '51, '56, '61, '66, '71, '76, '81, '86, and '91. A reunion dinner and dance will be held in Halleck Center on Saturday evening to celebrate these milestones. Make your reservations now!

Enjoy visiting with friends at the food and beverage tent sponsored by the Alumni Association Board of Directors. Swing away at the alumni baseball reunion, join in the fun of the alumni run, and sing with the chorus as they gather for a reunion concert. There are plenty of opportunities for this year's homecoming to be in a "league of its own."

Lafayette Golf

The Ravines Golf Course was the site of the Greater Lafayette outing on Friday, June 14. Taking to the course in a Florida scramble format were 36 golfers, who

later enjoyed a cookout attended by alumni and friends of the College. Winners for the day included: Ken Field (former SJC Director of Dining Services) - longest drive; **Warren Gephart '77** and **Mike Kosky '92** - longest putt; Carmen Skoog - closest to the pin; and the **Dave Mills '73** team walked away with the "gold." Special thanks to **Kevin Sims '79** for all of his work in organizing this outing. Greater Lafayette looks forward to seeing many more of you next year as their outing continues to grow!

Senior-of-the-Year

Monica Serrani of Fort Wayne, Indiana, was named Senior-of-the-Year for the class of 1996 by the alumni association. Serrani was selected as the senior who best exemplifies the mission of the College through demonstrated academic accomplishment and community service.

Serrani, a 1992 graduate of Bishop Luers High School, was involved in campus ministry, intramural sports, Amnesty International, Habitat for Humanity, and the freshman leader program. She also earned mem-

berships in Alpha Lambda Delta and Delta Epsilon Sigma. She graduated summa cum laude with a bachelors of science degree in sociology. She was a trustee scholar and on the dean's list.

This year's group of finalists also included **Matthew Davy**,

In addition, on Friday night, October SJC Sports Hall of Fame the 1956 football team was featured on national television. They were nationally known for the best of my knowledge, this was a very special time.

Also, in the last few months, we have Chris Primeau, after 16 years of service to the Alumni & Parent Relations office. I wish her a very "sp" and support. Our best to her in her new position as of July 15.

Of course, the summer is busy for many of us. I'm sure you are ready to go to Staunton, Virginia. We hope you have a great time.

Again, please take the time to visit Homecoming '96. It will be a great time. God bless.

New Faces and Changing Places

The campus has several new faces or old faces, now changing places directing the efforts of the College. As valued colleagues choose to retire or move on, new leadership must be chosen.

Change represents a whole new world of opportunity and Saint Joseph's is ready for the challenge. As the saying goes, if change doesn't happen, something terrible does—nothing!

"I know the future success of the College depends on our ability to manage change," stated

Saint Joseph's President Albert Shannon. "We were fortunate to have some capable individuals within our staff and faculty ranks who were willing to assume new or expanding roles within the College. Also, this provided us with the opportunity to attract some impressive talent to the campus. I welcome these individuals into their new positions and challenge them to do their very best work."

Dr. David Chattin has been appointed *interim vice president for academic affairs*. Chattin has served as associate vice president for academic affairs and associate professor of psychology and is familiar with the faculty and curriculum. He began his work at Saint Joseph's as an instructor in the psychology department in 1984. A search will be conducted in October for a permanent replacement.

Father Tim McFarland, C.P.P.S. '78 has been promoted to *assistant vice president for academic affairs*. He also serves the College as CORE coordinator and an assistant professor of religion. His prior service to the College includes director of campus ministry and campus chaplain. Father McFarland has been with the College since 1985.

Dr. Gregory Diamond will begin his duties as an

assistant professor of psychology with the 1996-97 academic year. He came to Saint Joseph's from Lyon College where he served as a visiting assistant professor of psychology. He also served as adjunct professor of political science at George Washington University and assistant professor of political science at the University of Illinois.

Dr. Edie Schmidt will join the faculty this fall as an *assistant professor of management*. Schmidt taught part-time for Saint Joseph's during the second semester of the last academic year. She has served as a research and teaching assistant in Purdue University's Krannert School of Business.

David Hoover '61, formally the director of financial aid, will provide leadership in the newly-created position of *dean of enrollment management*. His responsibilities include the coordination of enrollment activities which embody overseeing the departments of admissions, financial aid, and athletics. David has been with the College for thirty years and is also a tenured faculty member. Dianne Mickey, associate director of financial aid, is expected to assume responsibility for the financial aid office.

Frank Bevec has been named *director of*

admissions and comes to Saint Joseph's from Quincy College. He will manage the admissions functions for the College and be involved in the strategic planning process impacting all areas of enrollment management. Bevec has over eight years of admissions experience at the director's level.

Inge Erickson has been promoted from director of development to *vice president for institutional advancement and marketing*. Her duties will include the direction of fund-raising, marketing, public relations and alumni affairs. Erickson has been with the College since 1982.

Janet Gick has moved into the position of *director of public relations and publications*. She has served the College as assistant director of financial aid and director of human resources. Prior to that she worked for Purdue University as the communications and training specialist for the Office of Affirmative Action. She also worked in admissions, marketing and publications at Ivy Tech State College. She has worked six years for Saint Joseph's.

Nancy Studer '86 has joined Saint Joseph's as *director of human resources*. She will be responsible for payroll and benefit administration along with the direc-

tion of human resource issues for the College. She has over ten years of professional experience serving as human resource manager of the Mike Madrid Company and assistant to the controller for Dunn and Hargitt.

Martha Hungerford is Saint Joseph's *new director of counseling services*. In this position, she will coordinate counseling and tutoring services. Hungerford comes to Saint Joseph's from Jackson Community College where she worked as the director of special populations grant programs. She holds a master's degree in counseling from Siene Heights College.

Linda Brandt Bevec has been appointed the *director of The Career Center*. Linda comes to Saint Joseph's from Quincy University where she was the director of career planning and placement. Prior to that she was affiliated with the University of Wisconsin-Parkside as the director of international student services and weekend college programs. Linda will receive her master's degree in December from the University of Wisconsin-Milwaukee in higher education administration and adult education.

A Message from the Parents' Association

WELCOME TO ALL THE SJC PUMA PARENTS!!! Summer vacation is coming to a close and the anticipation of the 96-97 academic, community and social life of SJC is at hand.

The students come to SJC and get involved in all the aspects of college life. We as parents wonder if we fit in. Do parents have a place in this community our children have entered or returned to? The answer is **YES!** You as an SJC parent are a member of the Parents' Association. This is a vehicle for your social life at SJC.

The Parents' Association sponsors two main social events: Parents' Weekend and the Mid-Winter Social. We also have a presence at Homecoming and Little Five. In addition, it is your voice at SJC. The leadership group is formed every year by interested parents. This group is truly a team and shares in gaining support of all parents. We plan our two main events as well as solicit help for those events. Another role is the coordinated efforts with the Alumni Association. All parents are warmly welcome at all sponsored events of the Alumni Association. Last, but not least, the Parents' Association plays a supporting role in the efforts of administration in student recruitment and in job placement. Assistance is welcome to present opportunities for SJC students as interns during their college career and in full-time placement after graduation.

As one takes their journey through life on this earth, each day is a new beginning. As parents our job is to give our children roots so that they can sprout wings as they grow. The wings are flapping and we let go so our children can soar. The Parents' Association is your connection, the support net for both parents and students.

SEIZE THE MOMENT and GOD BLESS!

Peggy Feinendegen
Retiring Chairperson of the Parents' Association

Saint Joseph's
Enters Second
Century of
Graduating
Students

Saint Joseph's College entered its second century of commencement exercises on Sunday, May 5, 1996. **Reverend Barry Fischer, C.PPS. '69**, Moderator General of the Missionaries of the Precious Blood and distinguished alumnus of Saint Joseph's College, spoke to the 139 graduates about the responsibility of developing a social conscience. Reverend Fischer oversees an Apostolic Congregation of more than 550, ministering in 16 countries worldwide.

In a motivating address, Father Fischer reminded graduates that when venturing into the world, "Education is not over, this recognition is key to survival in the world. We must listen in order to learn, we do not walk alone but in the company of others." He challenged graduates to make a difference in the world and "Not to be paralyzed with fear or the world and society will never change." He urged graduates to "Choose to make a difference and to make the world a better place."

Dr. Albert Shannon,
President of Saint

Michael Vallone '60 receives the Medal of Saint Gaspar from SJC President Albert "Skip" Shannon.

Joseph's College, conferred an honorary Doctor of Letters degree upon Reverend Fischer. Also receiving honorary Doctor of Letters degrees were: **Father Lawrence Heiman, C.P.P.S. '40** serving the College for thirty-five years as Director of Graduate Programs in Church Liturgy. Diane McMahon Jennings was posthumously honored for her twenty-one years of dedication as Director of Counseling Services and **Father Leonard J. Kostka, C.P.P.S. '35** was honored for sixty-five years of selfless service to his religious society and the College.

Dr. Shannon presented the Medal of Saint Gaspar Award to **Michael J. Vallone**. The award is given for outstanding service and dedication from an alumnus. Vallone graduated from Saint Joseph's in 1960 and is active in the Alumni Association and the Advisory Council. This is only the second time the award has been presented in the history of the College.

Valedictorian for the Class of 1996 was **Eric McKeown**. McKeown majored in political science-economics and is from Paducah, Kentucky.

Chicago Bears Return for Halas Mile

The Chicago Bears practiced and lived at Saint Joseph's College for 31 summers and a test of each player's physical fitness was to run a mile with the legendary founder "Papa Bear" George Halas holding the stopwatch. On April 20, over one hundred runners including returning Chicago Bears participated in the first running of the Halas Mile.

Bill Wade, former Bear's quarterback from 1961-67 and member of the 1963 NFL championship team, started

each race and presented awards along with Pat McCaskey, director of community involvement for the Bears. Other former Bears who made the trip back to campus included: Stan Jones (tackle/guard 1954-65, inducted in 1991 to the NFL Hall of Fame, member of the 1963 NFL championship team), Jack Karwales (end 1945-47, member of the 1946 NFL championship team), Dick Evey (tackle 1964-72, first round draft pick 1964), Bob Kilcullen (tackle 1957-66, member of the 1963 NFL championship team), Dave Hale (defensive end 1969-73), Ed Sprinkle (end 1944-56, member of 1946 NFL championship

team), Marty Amsler (defensive end 1967-69).

After the run was finished the Bears signed autographs and swapped football stories with those who attended the event. "This has been great fun," stated Albert Shannon, president of Saint Joseph's. "These men have been so gracious and unselfish with their time, it is a pleasure to welcome the Bears back to our campus."

Recognition must be given to Pat McCaskey and Bill Wade for helping to establish the event. Also, special appreciation to Dave Ryan from Northern Indiana Public Service Company for extending the financial support needed to make the event a reality.

Runners were divided into six running groups which ranged in ages from children under the age of 8 to adults ages 51 and older. Medals were given to the top three male and female finishers in each running group. The best running time for the day was 5:52, and belonged to a runner participating from the ages 41-50 running group.

Priorities Council Established

Saint Joseph's has established an institutional planning and priorities council (IPPC) to address institutional goals. The council was formed to consider the needs of the College for the next five to ten years. The council has representation from all areas of campus including faculty, trustees, vice presidents, alumni, students, administrators and staff.

The purpose of the council is, "to develop a shared vision statement owned by the entire College community. To establish an institutional planning process, determine institutional priorities, facilitate cross departmental conversations throughout the College, set measurable goals and designate accountable persons for those goals, determine how the plan and priorities shape the College budget and forward the institutional plans to the president and the board of trustees," stated John Groppe, chairperson of the council.

The council has identified five strategic issues for focus:

1. Recruit and retain more students who can thrive academically, spiritually, and socially and improve our ability

to assist our graduates to begin their careers.

2. Maintain and strengthen academic programs that will challenge our students and prepare them for accomplished careers and lives of willing service.

3. Intensify the Roman Catholic-ecumenical character of the College both intellectually and spiritually.

4. Strengthen all areas of student life, including athletics, to provide opportunities for whole person development for resident and commuting students.

5. Assure institutional viability through increased interaction between the offices of Business Affairs and Institutional Advancement and through excellent stewardship of facilities and resources.

To address these issues, corresponding task forces have been formed. Alumni included on the task forces are: **David Hoover '61, Jim Quinn '63, Ron Geleott '65, Ben Basile '70, Tim Hemm, C.PPS. '70, William Stang, C.PPS. '72, Jane Ames '73, Ray Merritt '77, Tim McFarland, C.PPS. '78, Linda Deno '82, Eric McKeown '96.**

As a result of this work, the council plans to present a comprehensive strategic plan to the Saint Joseph's communi-

ty in December. The plan will include recommendations for strengthening our competitive advantage in the marketplace along with addressing the five strategic issues.

Fellows Honored at Annual Dinner

The annual Fellows dinner was held in June and honored those donors who have pledged \$1,000 to the annual fund and agreed to fulfill the pledge over a three-year period of time. President Albert Shannon welcomed and thanked the 218 Fellows and guests in attendance for their consistent support and interest in the welfare of the College.

While not all of the honorees could attend, 26 new Fellows were recognized and given a certificate and lapel pin. Also appointed by the President were the Father Gross Fellows and the President's Fellows.

Since Father Raphael Gross began the program, thirty years ago, over 3,600 generous individuals have become Fellows. This annual event includes a Mass for deceased Fellows, a reception and dinner.

Students Raise \$85,000 at Phonathon

Twenty-five students sacrificed an evening in March out of their busy schedules to raise \$85,000 in pledges at the annual phonathon. The phonathon is an opportunity for current students to have contact with the alumni, and once again the alumni responded with outstanding generosity.

Because SJC alumni are so responsive and supportive of the project, the students feel very positive about the experience. Universally they leave the experience feeling good about the alumni, the College and themselves.

College Receives Planning Grant from Lilly Endowment

The Lilly Endowment has awarded Saint Joseph's College a \$50,000 planning grant to make further application for Lilly's newly-created Special Initiative Grant Program. In an effort to recruit and retain college graduates in the state of Indiana and to improve the quality of higher education, Lilly will award \$50 million dollars in the form of grants to Indiana private colleges and universities. The individual grants will range from \$1 million to \$4 million each.

The grants have been developed by Lilly to help reverse the trend of losing Indiana college graduates to other states after receiving their education. Currently, Indiana is ranked 15th in the nation in the number of annual degrees conferred. However, the state is ranked 49th nationally in the percentage of college degrees held by citizens over the age of 25. "This is the type of innovative thinking we have seen in the past from the Lilly Endowment organization. This program benefits everyone, the students, colleges, businesses, industries, and the

overall state economy," said Albert Shannon, president of Saint Joseph's.

Saint Joseph's will utilize the \$50,000 planning grant to develop a proposal for further funding involving a program to enhance relationships with Indiana employers. Also, the proposal will include a plan to transition graduates from the classroom to employment opportunities within the state. "When we develop a plan to move our graduates into the Indiana work force, it will provide our students with an incentive to stay within the state. It will also encourage high school students to attend college in Indiana if higher education and the business communities are working together to provide employment opportunities for Indiana graduates," stated David Chattin, interim vice president for academic affairs at Saint Joseph's. Most of Saint Joseph's 1000 students are from Indiana. The College plans to submit the final grant proposal later this summer.

Frank J. Lewis Foundation Awards \$20,000 Grant

The Frank J. Lewis Foundation, awarded

Saint Joseph's College a \$20,000 grant. The grant will be used to upgrade equipment used for audio and video programming in the Communication and Theatre Arts Department.

"Enhancement of the College's telecommunication production facilities will not only allow for better support of our academic mission, but will also provide numerous opportunities to extend quality radio and television service off-campus," stated Fred Berger, director of television and assistant professor of communications.

Scholarship Dinner Nets \$50,000

The Scholarship Dinner and Silent Auction in honor of the top female and male student of the senior class was held in April at the Indian Lakes Resort, Bloomingdale, Illinois, and raised \$50,000 for the scholarship fund. The student honorees were **Mary Margaret Kilmurry '96** of Grove City, Ohio, and **Eric McKeown '96** of Paducah, Kentucky.

While the SJC dinner/dance was the 27th of its kind, it is only the second time that it was accompanied by a silent auction. The 93 items

donated ranged from tickets to the NCAA Final Four and Indy 500 to trips to Florida and California and jewelry, including a diamond necklace.

The event honored, most particularly, the Bears and the McCaskey family who have a long association with Saint Joseph's College. Some 30 former players and family members attended. Ed and Virginia McCaskey accepted a trophy from President Albert Shannon who recognized the family and its team for their former partnership with the College and continuing relationship with it.

The receipts from this \$150 a plate dinner/dance are reserved for scholarships for exceptional, deserving students.

The Scholarship Dinner is scheduled next

year for April 18, again at Indian Lakes Resort.

SJC Baseball Team National Title Runner-up

The Saint Joseph's College baseball team, under the guidance of seventh-year head coach Mike Moyzis, finished the season with a 52-12 record. This established a school record in victories and secured the team as the 1996 NCAA Division II National Championship runner-up to Kennesaw State University of Kennesaw, Georgia. This is the furthest that the Saint Joseph's College baseball program has ever advanced in post-season play. The Pumas were also the Great Lakes Valley Conference Champions for the second consecutive year

and the North Central Regional Champions.

Moyzis passed a milestone this year when he earned his 200th victory in a 5-1 triumph over the Wisconsin-Parkside Rangers of Kenosha, Wisconsin. Moyzis is 223-141-3 in his seven years at Saint Joseph's and the Pumas have advanced to the NCAA tournament and won the GLVC Championship four times under his guidance.

The Pumas were successful, in part, because of the exceptional depth of individual ability the players possessed. This pool of talent kept the team well represented when individual awards were presented. Four Pumas were selected to the 29th annual NCAA Division II Baseball Championship team including: **Dom Horgeshimer '96**, first baseman, Orlando,

Florida; Lou Pinto '97, second-baseman, Palos Hills, Illinois; **John Fitzgibbon '96**, outfielder, Lockport, Illinois; and Andrew D'Amore '97, pitcher, Berkeley, Illinois.

Jake Chapman '96, pitcher, Rensselaer, Indiana, was named 1996 GLVC Player-of-the-Year and Moyzis was named 1996 GLVC Coach-of-the-Year. Regional honors went to Horgeshimer as Regional Player-of-the-Year, Chapman was selected Regional Pitcher-of-the-Year, and Moyzis was named Regional Coach-of-the-Year.

Larry Satkoski '97, third-basemen, LaPorte, Indiana, and Chapman were selected to the GTE Academic All-American team. Chapman was also the recipient of the Richard F. Scharf Paragon award for the most outstanding male student-athlete in the Great Lakes Valley Conference.

Three Saint Joseph's baseball players are now playing in the professional ranks. Chapman was picked in the 28th round of the major league draft by the Kansas City Royals. He was then assigned to the Spokane Indians, a class A affiliate of the Royals in Spokane, Washington. **Larry Glozier '96**, was signed as a free agent by the Florida Marlins and

1996 National Championship runner-up baseball team in Montgomery, Alabama, at NCAA banquet.

assigned to a class A affiliate of the Marlins in Utica, New York. Horgeshimer signed with the Richmond Roosters, a semi-professional team in Richmond, Indiana.

A League of Our Own: New Football Conference

Saint Joseph's, along with Quincy College and Kentucky Wesleyan, has formed the new Great Lakes Football Conference. The NCAA, Division II has recognized the by-laws and competition will begin this fall.

"The goal of forming the conference is to play schools of similar philosophy and build rivalries within the conference," stated Saint Joseph's President Albert Shannon. "We will accomplish this goal by having fairly evenly matched teams with respect to size of school and resources."

All three teams have been members of the Great Lakes Valley Conference in men's and women's basketball,

baseball, men's and women's tennis, volleyball, cross country, soccer and softball.

Additional colleges, from the NAIA and division II, have been invited to consider joining the conference. Ultimately the College hopes the conference will expand to have five to six colleges participate.

Flaherty Named Interim Head Football Coach

Brendan Flaherty has been named as interim head football coach upon the resignation of Joe Palka. Palka resigned to assume the position of head football coach at Bryan High School in Bryan, Ohio.

Flaherty served as an assistant head coach and defensive and recruiting coordinator for the Pumas last season. Prior to coming to SJC,

Flaherty was a graduate assistant for the Eastern Michigan University Eagles. There he worked with the defensive line and linebackers while also assisting with recruiting. Before that, Flaherty was the assistant head football coach at Birmingham Groves High School in Birmingham, Michigan, and also a player/coach with the Stockholm City Wildcats in Stockholm, Sweden.

"I am excited to be named interim head coach, I believe in the small campus setting and am confident with our program being in place," remarked Flaherty. "I am also looking forward to competing in the newly-formed conference, this should prove to be an exciting year in Puma football."

According to Lynn Plett, athletic director, naming a permanent replacement will be delayed until after the season has been completed. "Replacing a head football coach in July is not conducive to conducting a full-scale search at this time," noted Plett. "We are fortunate to have Brendan on staff, who we feel is capable to step in and give the program leadership."

Spring Sports Recap

The men's tennis team, under the direction of head coach John Barrientos, finished the season with a 6-3 conference record and a 10-7 overall record. The Pumas were led by number one singles player **Steve Errington '96**, Maumee, Ohio. Errington was selected to the 1996 All-Great Lakes Valley Conference team while being one of the team's co-captains. Darren Haas '97, Crawfordsville, Indiana, finished the season with a team best 11-5 record at number three and four singles while also being the other team captain.

The SJC softball team finished 14-27 this past Spring under the guidance of first-year head coach Mark Settle. The Pumas finished the 1996 Great Lakes Valley Conference season with a 7-13 record. Shortstop Michelle Heilman '97, Logansport, Indiana, was selected to the All-GLVC team for her outstanding performance.

Head track coach Bill Massoels, once again led his Puma track teams to another successful season. This season was the first in many years that the Great Lakes Valley Conference had track and field as a conference sport. Both the men and women finished in third

place at the First Annual Conference Invitational in April. The top two finishers in each event were declared All-Conference and all of the first-place finishers now hold the GLVC Championship records. The Pumas that received the All-Conference award are as follows: Deidre Hook '97, high jump; Shawn Williams '99, high jump; Vicki Jaroszewski '97, triple jump; Bryan Hall '98, discus; Scott Moore '97, javelin; Laura Witek '97, 5,000 meter run, 3,000 meter run; and Mikalene Stoker '98, 400 hurdles.

Witek Earns All-American Honors

Laura Witek '97, elementary education major, has earned All-American honors in both the 3,000 and the 5,000 meter runs in the NCAA Division II outdoor track and field championships. This is the second time in Witek's career that she has earned the All-American title.

Witek, a native of Marengo, Illinois, was also selected as one of twelve outstanding student athletes to join the 1996 GTE College Division Spring At-Large All-American team.

She was also selected to the 1996 National Cross Country Coaches

All-American Laura Witek '97 in winning form.

Association All-American Division II team, the All-Great Lakes Valley Conference teams for cross country and track, and the Academic All-Great Lakes Valley Conference teams for cross country and track.

Core I Volunteers Needed

Jane Ames '73, professor in accounting and Core at Saint Joseph's, is asking for volunteers to sit on panels in her Core I class. On September 26, she needs veterans of Vietnam to share their experiences. Also, on October 17 she would like women alumnus to speak on their experiences in and out of the work force.

Jane may be reached by calling (219) 866-6204. Also, you may write to her at P.O. Box 889, Rensselaer, IN 47978.

Chicago Golf Outing

Alumni, parents, students, and friends of SJC gathered at Poplar Creek Country Club on July 26 for the annual Chicago Chapter Golf Outing. Scores were determined by the Peoria Handicap System and individual winners included: 1st place - **Craig Pivnicka '87**; 2nd place - **Tim Buckley '73**; 3rd place - **Bill McGuire '66**. Forty golfers enjoyed a complete day of sunshine on a fabulous course, followed by dinner and a fun-filled raffle. Other award winners included: Closest to Pin - **Tim Buckley '73**, Longest Drive - **Craig Pivnicka '87** and **Maureen Egan '90**.

Four Inducted into Sports Hall of Fame

Four former Puma athletes were inducted into the Sports Hall of Fame in April. They are **Rory Johnson '88**, **Gerald Klamrowski '77**, **Kyle Wiggs '76**, and **Ed Schultheis '52**. While at Saint Joseph's, Johnson was a member of the Puma gridiron team from 1984-87. He career rushed for 3,157 yards on 638 carries for an average of 4.94 yards per carry and rushed for 27 career touchdowns. He holds the record as the all-time leading rusher and is second in rushing touchdowns, scoring 162 points. Johnson is currently employed at Tri-State Expedited Services, Inc. in Perrysburg, Ohio, as the operations manager.

Klamrowski was a member of the Puma basketball team from

1973-77. He was a three-year starter and member of one regional championship team, one regional runner-up team, and one third place regional team. Klamrowski is a member of the Puma 1000 point club with 1,134 career points. He was named most valuable player his junior and senior years when he led the team in scoring and assists. He was also named to the All-Indiana Collegiate Conference Team in 1975-76 and 1976-77. The Conference also recognized him as player-of-the-year for the 1975-76 season.

Klamrowski and his wife, Susanna, live in Milwaukee, Wisconsin, along with their three children. Gerry owns and operates Real Estate Investment Professionals and CFN Management.

Wiggs was a two-year teammate of Klamrowski's. He was a member of the Puma hoops team from 1972-76 and a four-year starter. Wiggs, like Klamrowski, was an All-Indiana Collegiate Conference team member and led the conference in rebounding. Wiggs played in 101 games in which he scored 1,217 points and had 938 career rebounds. Wiggs is employed by AAA Auto Club in Tampa, Florida, as the southern regional manager. He is responsible for 18 offices

serving 675,000 AAA members. Kyle and his wife, Joan, reside in Tampa.

Schultheis played both football and basketball while at Saint Joseph's. His honors include: four varsity letters in football, three varsity letters in basketball, All-Conference end in football, honorable mention All-Catholic All-American in football, honorable mention All-Indiana Collegiate Conference. In basketball he played 49 games and scored 466 career points. Ed has been involved in teaching and athletics his entire professional life, most notably serving Jasper High School for 35 years as a teacher, coach and athletic director. In 1988, Ed was named District Athletic Director-of-the-Year by the State of Indiana Athletic Director's Association. He retired in 1994 and lives in Evansville, Indiana, with his wife, Rose, and his youngest of 9 children, Jennifer.
